- **'Fifth Beatle' Sir George Martin dies** “第五位披头士”乔治·马丁爵士去世

文字稿

Millions of people across parts of Asia and the Pacific have been experiencing a rare total **solar eclipse**. The moon passed directly in front of the sun, blocking direct sunlight, creating a night-time effect. For a time the darkness was total across a strip 150km wide.

亚洲及太平洋部分地区上百万人见证了极其罕见的日全食。月球径直从太阳面前移过，挡住直射光线，造成了部分地区的夜间现象。黑夜曾一度笼罩了总宽为 150 公里的地区。

The **influential** British record producer Sir George Martin, often called the 'fifth Beatle', has died at the age of 90. The news was made public in a message posted on social media by Beatles drummer Ringo Starr. Sir George produced most of The Beatles' hit singles and his **accomplishments** extended beyond the famous four-piece with which he was so closely associated.

被人称为“披头士第五人”、英国极具声望的唱片制作人乔治·马丁爵士去世，享年 90 岁。该消息由披头士乐队鼓手林戈·斯塔尔在社交媒体上公布。披头士乐队的众多畅销单曲都是由乔治爵士制作的，而他的成就也远不止于和披头士四人组的密切合作。
